Find the right MBA program for you.

Your military experience coupled with an MBA from the Shidler College of Business will provide you with the competitive advantage necessary for continued career advancement within the armed forces or within the civilian workforce.

The Shidler College of Business values the skills you have gained during your military experience—leadership, management, responsibility, high ethical standards—and can show you how combining them with business knowledge in finance, economics, accounting, can open up a world of career opportunities. We have proudly graduated active duty, reserve and veteran students from all branches of the military and are eager to show you which of our graduate programs will meet your needs and objectives. Whether you seek to leverage your veterans' educational benefit or wish to pursue a degree while on active duty, contact us today to find out how a Shidler College of Business MBA—Hawaii's only AACSB accredited MBA program—can complement your military experience.

The Shidler College of Business has been granted military-friendly status by the Graduate Management Admission Council (GMAC) and offers the following benefits to all military personnel who have been active duty within three years of applying:

Waived Application Fee for Full-time or Part-time MBA programs: Before paying the application fee online, please contact Carlos Medina, MBA Admissions Director, at medinac@hawaii.edu to request the military fee waiver.

Deferment: Should your MBA plans be postponed due to your military service, we will provide you with a one year enrollment deferral.

Scholarship Support: All active duty, reserve and veteran military personnel will receive full consideration for scholarship and financial aid opportunities. The amount of support offered will be based on the criteria used for our merit-based scholarships.

Program Support: In addition to the Shidler College of Business, the University of Hawai'i at Mānoa Veteran's Affairs Office is available to support you through your application, transition, and schooling. Once admitted, you will be assigned an academic advisor who will assist you throughout the program. Career development and internship staff are also available to help you identify possible career paths and explore new opportunities.
